We are one of the largest contract growers of liners in California. With out ultra-modern propagation facilities, where we are on a disease free program, our cuttings receive the 'little extras' that add up to stronger rooted liners. We will be more than happy to go over your future liner lists, at your convenience, and quote prices that we feel will be to your liking!

Minimum is 25 of any one variety. We are a "Pinto Tag" nursery.
